Let's Build It!

The Mission

To provide a voice and visibility in Savannah for community organizations, events, individuals, and projects that celebrate the diversity of our community in alignment with our values

The History

It has been over 15 years since the FCC issued new LPFM broadcast radio licenses. The Savannah Soundings team worked for over a year applying for one. Engineering studies, community surveys, fundraising. This summer we received a permit to build WRUU, Savannah Soundings radio at 107.5 on the FM dial

The Goal

Let's Build It!
